ORIDGINAL INCIDENT NAME AND ORDER NUMBER:

RAC MOB OR-DEF-000146

CREW NAME(s) and RESOURCE ORDER NUMBER(s):

- FL ST #2 ~~C-45~~ ~~C-17~~ ~~C-14~~ ~~C-25~~ ~~C-29~~

CURRENT LOCATION OF EACH CREW IN MODULE:

(Crew Name, Incident Name and Order number)

- FL ST #2 Labrador Fire, Cave Junction, OR. C-29

TODAY'S CREW ASSIGNMENTS:

FL ST assigned to recon hose lays and equipment, and to scout, recon and map the contingency lines.

MORALE OF CREWS:

Very good.

INJURIES: Just minor, blisters, etc. This crew has managed to avoid the colds etc, that the other crews have had. Probably an advantage to being assigned to smaller camps.

MESSAGE:

FL ST #2 is assigned to recon and be prepared for IA. The small ICP is located behind a District Office. The type 3 team is slowly reducing resources and this fire will be in a monitoring mode by the end of next week. The camp is small but they are being well taken care of. They have a very good caterer and I expect they may weigh more coming home.

I traveled to the Labrador Helibase which has several Region 8 personnel. They were having a crew swap yesterday. A crew from Region 8 was going home and they were being replaced by a crew from Region 8. They were comfortable at the helibase and had no issues at this time.

I will spend today at Grants Pass and will travel back up to La Grande tomorrow.

- Everglades #1 is on IA for the district in La Grande OR

MORALE OF CREWS: Very Good

INJURIES: Some camp crud is still circulating

MESSAGE:

- Both Florida and Alabama are starting to have some minor issues with sinus and other congestion. Hoping some over the counter meds will help.
- I met with the Everglades #1 crew this morning and sat thru briefing with them. They were the latest crew to suffer with flat tires – two at the same time. They were able to plug one enough to get to town. The district here was willing to buy a couple of new tires for the rental. They are camped here at the district office and the district has showers, etc and the crew is on per diem while here. So life is pretty good other than a barking dog at night and the train across the highway.
- I met with the Georgia NF #1 crew last night after shift. Took a while to get to camp, but they are still having a good assignment and no real issues.
- Also made contact with NWCC crew desk about demob of crews. Will share with NWCC the list that was sent out yesterday with NICC flights and try to have a more definitive timeline for demob for the crews this weekend.
